

### Nursery Update - January 2017

Welcome back everyone! We hope you had a wonderful Christmas and wish you all a very Happy New year ☺

We would like to thank you all for our cards and gifts, it was extremely kind of you all.

We would like to mention that we have taken some observation and parental feedback which has led us to make the decision that we will be removing the 'mince and bean crumble' off of the menu and replacing it with 'beef lasagne' served with salad. Please note that the remainder of the Menu will be unchanged.

This month you will receive your child's next steps; this is to inform you of your child's updated targets within the setting. You are also more than welcome to have a look at your child's tracking to see their development since last time. If you have any questions about these, please ask your keyworker.

This month we will be focusing mainly on the children's maths as an area of learning. We have come up with lots of fun activities to promote the children's interests. We will also be carrying out a transport themed week which we know the children will love.

For those of you in the Toddler room, you will have got to know Sophie over the last few months. Due to unforeseen circumstances Sophie will not be returning to work with us this year, if you do have any questions regarding this please speak directly to Megan or Sam. We would however like you to join us in welcoming two new member of staff Lindsay and Diana. We are very excited to have them both on our team, and will both be based in our Toddler room ☺ If Sophie was your child's key worker, Sam has arrange for primary staff to takeover - dependent on your child's bonds with staff ☺ Again any queries please let us know.

## **Reminders**

Toddlers would like to kindly ask if you could start replacing water bottles, please ask your child's key worker about this. Thank you in advance!

## **Inset Days:**

We have set our 2017 Inset days below giving you as much possible notice ☺
